It's the one just outside the auditorium N329 2nd floor, to the left facing Western Mass Public Health Center.

Jim, do you know where" the temporary lot on the Stockbridge Road side of Morrill I" is - I am not sure where he is referring to?

Subject: Morrill I parking lot resurfacing

All,

As noted below, DA Sullivan would like to close the Morrill I parking lot (North side, upper lot) on Monday and Tuesday, June 11 and 12 to seal and restripe the parking lot. This is to improve the long-term durability of the pavement, which when installed was not acceptably mixed and thus showed areas of porosity that, over a relatively short time, would lead to a failure of the pavement.

Let me know if this time period causes too much of a problem for you and your colleagues, and we will try to reschedule.

Barring any unforeseen access issues (sometimes caused by Whiting Turner and their subcontractors at the NLSB project), ill be available.

Thanks for your patience,

Burt
